

ANZSRS Scholarships/Grants

- **Education Scholarship for Tertiary Study**
- **Research Grants**

ANZSRS study grants have been established to support the professional development of the members of the Society. The grant towards Tertiary study tuition costs was designed to support members completing the Graduate Certificate / Diploma or Masters of Respiratory Science at Charles Sturt University. Other courses will be considered if deemed to be relevant by the Executive. Applicants must have been members of the Society for at least 2 years, be accepted for the course concerned, hold a full time position in and have received less than 50% of tuition costs from their employing institution.

The Research Grant is designed to foster the development of academic excellence amongst members who may not have alternative means of support. The grants will be awarded for projects that will lead towards improved application of Respiratory Science. Applicants must have been members of the Society for 5 years and hold the CRFS credential. Any research project must have been approved by the Head of the Department in which it will be completed and by the local Ethics committee, and the requested funds must not include any salary costs. It is expected that progress reports will be submitted to the Board and a presentation made at the Annual Scientific Meeting of the Society following completion of the project.

Applications must reach the Secretary by 30 November of the year prior to study/award. The outcome of the application will be advised by the end of January.

ANZSRS GRANT APPLICATION FORM

GRANT APPLIED FOR:

Circle one:

Tertiary Study

Research

Amount requested _____

Name

Year of Joining Society: _____

Qualifications held: _____

When CRFS attained: _____

Course enrolled for: _____
